Education

ABES ENGINEERING COLLEGE, AKTU LUCKNOW

Ghaziabad, India

Bachelor of Technology, Information Technology (CGPA: 7.5) Nov 2020–July 2024

Certifications

AWS Academy Introduction to Cloud Semester 1

- Use of S3 buckets for deploying static websites.
- Use of EC2 for deploying Dynamic Websites and also learned about instance creation and deletion.

AWS Academy Introduction to Cloud Semester 2

- Using S3 bucket and Cloud formation deployed a static website and also used AWS Lambda.
- Used Elastic Beanstalk as it simplifies the process of deploying a web application. It manages the underlying infrastructure and handles the deployment process, allowing you to focus on building and improving your application.

Postman API Fundamentals Student Expert certification

- Proficiency in the fundamentals of APIs, including HTTP methods, request and response.

Projects

Hotel Booking Website [Project Link]

- It is basically a React App designed for convenient booking of rooms at nominal price along with lots of facilities. I have deployed this website on AWS using S3 buckets.
- **Tools:** ReactJs, HTML, CSS, Bootstrap, AWS S3.

Personal Portfolio [Project Link]

- Crafted a succinct introduction highlighting expertise, skills, and experience..
- Showcased a diverse range of projects with detailed descriptions and utilized technologies..
- Offered downloadable PDF resume for comprehensive professional overview.
- **Tools:** HTML, CSS, Bootstrap, Netlify, GitHub

Restaurant Website [Project Link]

- Developed a dynamic menu system with the ability to add, edit, and remove menu items.
- Integrated social media links and sharing features to enhance online presence and user engagement.
- **Tools:** ReactJs, HTML, CSS, Bootstrap, Netlify
